Magnum Energy Inc. moves into new 25,000 sq. ft. facility

Everett WA – Magnum Energy Inc. has moved into a new 25,000 square foot facility consisting of space for manufacturing, engineering and offices. The move is in response to the need for more manufacturing and engineering space. The new facility located just several miles from the original facility is new construction and designed to optimize clean room manufacturing and new R&D space.

ABOUT MAGNUM ENERGY

Magnum Energy is a leading manufacturer of premium inverter/chargers for Renewable Energy, Backup Power, RV, Marine, and Truck markets. With over 70 years of combined inverter design and manufacturing experience, Magnum Energy has incorporated new design and manufacturing techniques to build some of the industry's most reliable and advanced inverter/chargers.
