## **New Export Inverter/Chargers Introduced**

Everett, WA - Magnum Energy, Inc. announces its introduction into the Export market with two 230VAC/50Hz inverter/chargers. The new models are the **MM1012E** and the **RD4024E**.

The new MM1012E uses 230VAC input/output, has a continuous output rating of 1000 watts @ 12V and includes a 50 Amp PFC (Power Factor Corrected) Charger. The RD4024E uses 230VAC input/output, has a continuous output rating of 4000 watts @ 24V and includes a 105 Amp PFC (Power Factor Corrected) Charger. These units provide a Modified Sinewave output and come with a 2 year warranty for parts and labor.

These two new Export models are now being shipped from its Everett, WA manufacturing facility.
