New MS4448AE Introduced By Magnum Energy

Everett, WA. - The MS4448AE Inverter/Charger from Magnum Energy is a pure sine wave inverter designed specifically for the most demanding renewable energy applications. The unique design of the MS-AE Series can provide both 120 and 240 Volt output in one unit thus eliminating the need to stack two units together or use a transformer for a desired 240 Volt output.

The new MS4448AE uses 120/240 split phase input/output and has a continuous output rating of 4400 watts @ 48V. The MS4448AE includes a 60 Amp PFC (Power Factor Corrected) Charger. The MS-AE Series is ETL Listed to the stringent requirements of UL1741 and certified to CSA C22.s NO. 107.1-01 for Renewable Energy installations.

Other RE inverter/chargers from Magnum include the MS, RD and MM-AE series inverter /chargers. All models include PFC chargers and come with either a 2 or 3 year warranty for parts and labor.

ABOUT MAGNUM ENERGY

Magnum Energy, Inc. www.magnumenergy.com is a leading manufacturer of premium inverter/chargers for Renewable Energy, RV & Marine applications. With over 150 years of combined inverter design and manufacturing experience, Magnum Energy has incorporated new design and manufacturing techniques to build some of the industries most reliable, advanced and cost effective inverter/chargers and accessories in the world.
